★ Twice the Bloom For So LITTLE COST!

Plant *Roeding's Quality Double-Nose*

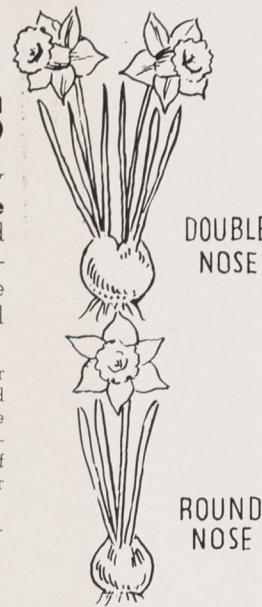

DAFFODILS

As the two sketches at the right show, first-quality double-nose daffodil bulbs produce **two or more flower stalks**, as contrasted with the ordinary round bulb which produces only one. All "Roeding's Quality" daffodil bulbs are the first-quality double-nose type, giving you double the value. Inspect them. Feel their weight and extra large size.

Throughout our wide bulb assortment you will discover similar distinguishing qualities of merit. That is because we establish rigid standards to assure you vigorous plants that will produce more blooms and flowers of true color with perfect form. Only select first-quality bulbs will meet these requirements. Measure in terms of your results and you will find out why Roeding's Quality Bulbs offer more for the money. Try them this year and see.

The figures following the names refer to the relative time of flowering: (1) being earliest, and (5) being latest.

RANUNCULUS GOLDEN YELLOW

SUCCESS WITH RANUNCULUS AND ANEMONES

Rainy winters have served to impress on us more than ever the necessity for good drainage in bulb beds planted to Anemones and Ranunculus. They will not grow in soil saturated with excess moisture from heavy rainfall, but will reward us with countless flowers if we are careful in planting. Raise the soil level in beds devoted to these flowers so that when they are planted the bulbs will be just above the surface level of the surrounding terrain.

LEUCOCORYNE

(Glory of the Sun)

Recent introduction from Chile flowering in April. Our specially cured bulbs are sure to flower the first year. Flowers lavender blue with white centers and golden stamens; 10 to 12 inches tall. Foliage consists only of two very narrow grass-like leaves lying flat on the ground. Each 20c; 12 for \$2.00; 100 for \$15.00.

PLANTING CHARTS

A specially prepared planting chart is enclosed with each shipment of Roeding's Quality Bulbs, showing the recommended planting distance and planting depth. Read it carefully to achieve desirable garden effects. Copies of planting chart available to garden store customers, as well. Please ask for your copy.

What's New?

Typical question of garden-minded friends everywhere, and particularly those who call at our garden stores. Here are a few hints.

Cape Bulbs (page four). Have you found the azure blue Babianas colorful and exciting? Then we suggest that you try Babiana plicata, with fragrant cream and lavender flowers. While you are at it, read about the new kinds of Moraea (Peacock Iris) just below. Ramosa and Tristis appear in this folder for the first time.

Ismene (page five). Try these interesting bulbs from South America for fragrant white flowers in June and July. Other Latin Americans on this page that deserve your attention are the Estrellitas and Tigridias.

Roeding's Quality **BULBS 1942**

This year's assortment of Roeding's Quality Bulbs is representative of the finest varieties in all classes. Included are tulips from England, and the best American bulbs. The quality compares favorably to that in the pre-war days of our Holland importations. As always, you may buy with confidence.

Every week new bulbs come into bloom, rock garden varieties, Dutch iris, anemones, ranunculus and many others. You will find it an advantage to plan fall plantings where you can see and compare the many varieties in bloom side by side.

Tours of our gardens, bus trips through our 300 "Living Acres", cut flower arrangements, entertainment (on week-ends), and

historic Old Adobe all dressed up for the occasion are a few of the many enticing features. Better mark the calendar right now, we're expecting you.

Mondays through Saturdays there is no charge for anyone. Sundays a small admission charge of 25 cents is made, refunded in full on any purchase of \$1 or more. Customers on our mailing list will receive two invitations, good for Sunday admission without charge.

Visitors to our Annual Outdoor Bulb Show are taken on guide-conducted tours of our 300 "Living Acres" in our sightseeing bus. Guests shown here have just completed the tour and are walking a few steps to historic "Old Adobe", our century-old lodge, to listen to the music and have a cup of tea in the peaceful early-California garden.
